

RUTWIK HIWALKAR

SOFTWARE DEVELOPER

Dynamic learner, Hard worker, Team sport, Tech enthusiast, AI nerd, Linux advocate
are just some of the hats I wear.

EDUCATION

- 2018 - 2021 • S.K. Somaiya (Mumbai University) BSc. Computer Science.
- Average CGPA ~ 8.9

CERTIFICATIONS

- Deep Learning Specialization, by DeepLearning.AI (5 course specialization)
- Flutter, Udemy
- Introduction to Machine learning (Kaggle Microcourse)
- Tensorflow developer(course 1 & 2) by DeepLearning.AI

PROJECTS TOP 6

1. Shortest Pathfinder

- A shortest path-finding visualizer using Breadth-First-Search algorithm.

2. Google Classroom Clone

- Using basic microservice architecture.

3. Handwritten digit recognition.

- Using a deep neural network written from scratch.

4. Mask Detector

- Detecting if a person is wearing a mask or not from images and live webcam feed.

5. Red Wine Quality Detection

- Data Visualization and analysis for detecting quality of red wine.

6. Brain Tumor Detection

- Detecting if Tumor is Malignant or Benign depending on MRI images

SKILLS

| | | |
|------------|------------|---------|
| Python | Tensorflow | ML / DL |
| Javascript | ReactJs | Docker |
| Flask | NodeJs | Linux |

WORKING ON

| | |
|---------------|--------------|
| Microservices | NLP |
| Docker | Data Science |
| Kubernetes | NodeJs |
